

Emeritus Policy

The Department of Physics values the positive influence that our Emeriti contribute to the life of the department.

Our Emeriti are very welcome at Physics events and seminars. We would like our Emeriti to continue to feel welcome in the department and are happy to provide access to a shared desk in a room with fellow Emeriti and a small (approx. the equivalent of one pedestal and a couple of metres of book shelves) amount of storage for personal items and papers.

An ongoing relationship can be maintained through the [Retiree's card](#) and access organised through the Sub-Departmental Administrator.

University regulations ([Council Regulations 3 of 2004](#)) stipulate which staff shall hold the title of Professor Emeritus or Reader Emeritus.
